SPECIALIZED COMMON CARRIER SERVICE

ORIGINALB. DEFINITIONS

For the purpose of this tariff, the following definitions shall apply:

1. Access Line
A dedicated arrangement which connects a customer location to an Carrier NSC (See below for definition).
2. Administrative Change
The modification of an existing circuit, dedicated access line or port, at the request of the customer, that involves changes in authorization codes, speed numbers, route guide, consolidation of billing, verification of testing performed by parties other than Carrier, or any other administrative change not covered by a Billing Record Change. (See below for definition)
3. Allnet
Global Crossing Telecommunications, Inc.
4. Allnet Dedicated Service
A.D.S.
5. Allnet Tariff FCC No. 5 and 8
That tariff filed by Carrier with the Federal Communications Commission and known as Frontier Communications International, Inc. Tariff FCC No. 5 and 8, as amended, from time to time.
6. Application for Service
A standard Carrier order form which includes all pertinent billing, technical and other descriptive information which will enable Carrier to provide the communication service as required. The order form may be completed by an Carrier employee using information obtained by telephone.
7. Authorization Code
A multi-digit code, one or more of which are available to Metered Use Service customers to enable them to identify individual users or groups of users, and thereby allocate the costs of their long distance service, except where Equal Access Dialing is used by the customer and costs are allocated on the basis of the telephone number from which the customer uses the service.

ORIGINAL

SECTION B - DEFINITIONS (Cont'd)8. Billing Record Change

A change in customer billing address, telephone number or a change from one billing package to another using the same access method.

9. Cancellation of Order (This differs from a disconnection, see below for definition).

A customer initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion. Cancellation charges will be assessed for each dedicated access line canceled from an order prior to its completion by Carrier under the following circumstances:

- (1) if the local Telco has already confirmed in writing to Carrier that the dedicated access line will be installed; or
- (2) if Carrier has already submitted facilities orders to an interconnecting telephone company.

10. Circuit Termination

The point at which Carrier's circuit originates, terminates, or drops for the insertion or removal of a customer's signal.

11. Customer

The person, firm, corporation or other entity which orders service, including the ordering or use of Equal Access Dialing,-- either for its own use, as an Other Common Carrier, or as a non profit manager a sharing group--and which is thereby responsible for payment of charges and for compliance with Carrier tariff regulations. For billing purposes, a customer is considered to be an account. If a customer orders an authorization code or orders or uses Equal Access Dialing, in more than one Carrier originating city, or requests the assignment of Authorization Code in a particular city, each such account is a separate customer for billing purposes.

SPECIALIZED COMMON CARRIER SERVICE

ORIGINALSECTION B - DEFINITIONS (Cont'd)

12. Customer-provided Terminal Equipment
Terminal Equipment, as defined herein, provided by a customer.
13. Disconnection
The disconnection of a dedicated access line or port connection being used for existing service. (This differs from a Cancellation; see above for definition.)
14. Equal Access Dialing
The use of service through Telco Equal Access facilities allowing the customer to access Carrier's NSC through either a "1+" or 10XXX dialing sequence. Customers using Equal Access Dialing may be billed to the telephone number from which the Equal Access Dialing originates.
15. Installation
The connection of a dedicated access line or port for new or additional service.
16. Joint User
A person, firm, or corporation designated by the customer as a user of communication facilities furnished to the customer by Carrier, and to whom a portion of the charges for such facilities are billed under a joint user arrangement.
- i7. National Holiday-s
Carrier-recognized National Holidays are New Year's Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day.
18. Network Switching Center (NSC)
Any location where Carrier has a network switch installed.

SPECIALIZED COMMON CARRIER SERVICE

ORIGINALSECTION B - DEFINITIONS (Cont'd)19. Network Trunks

Access lines, interswitch trunks, and circuits connecting services and facilities of Carrier or other carriers to Carrier NSC's.

20. Off-Network Access Line

A local exchange, foreign exchange, or WATS line connecting both incoming and outgoing traffic from a Carrier switched service network to the public switched network.

21. Other Common Carrier (or Interexchange Carrier)

A person, firm, corporation or entity regulated by the FCC or by any state public utility commission which sells communication services and facilities to the public for profit, including resellers.

22. Permitted User

A person, firm, corporation or other entity permitted by the customer to receive or send communications. Such permission includes, without limitation, 1) the use of the customer's Authorization Code where the Authorization Code has been made known to the user by the customer, its employees or agents, and 2) the use of customer's telephone number when Equal Access Dialing is used.

23. Physical Change

The modification of any existing dedicated access line or port, at the request of the customer, requiring same physical change or determination.

24. Premises

The space designated by a customer as its place or places of business for termination of CARRIER service.

25. Service Group

One or more A.D.S. dedicated access lines terminated in the same multiline terminating device at the same customer premise.

26. Special Promotional Offering

Special discounts or modifications of its regular service offerings which Carrier may from time to time, offer to its customers for a particular service. Such offerings may be limited to certain dates, times and locations.

SPECIALIZED COMMON CARRIER SERVICE

C. RULES AND REGULATIONS**ORIGINAL**1. Description of Service

.01 Carrier is an interexchange common carrier furnishing communications services between specified locations under the terms of this tariff.

.02 Carrier, when acting at the customer's request, and as his authorized agent, will make reasonable efforts to arrange for service requirements which may include terminal equipment, circuit conditioning or Equal Access Dialing.

2. Limitations

.01 Service is offered subject to the availability of facilities and the provisions of this tariff.

.02 Carrier reserves the right to discontinue furnishing service, upon five (5) days written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff, or in violation of law.

3. Terms and Conditions

.01 Service is provided and billed on the basis of a minimum period of at least one month, beginning on the date that billing becomes effective, and continues to be provided until canceled, by the customer, in writing, on not less than thirty (30) days notice. In the event a customer order an Carrier Option that does not require a monthly subscription fee, Carrier reserves the right to treat a period of non-use of not less than 90 days as a cancellation and to discontinue furnishing service, without notice, after such 90 day period.

.02 Service is offered on a monthly basis.

.03 For the purpose of computing charges in this tariff, a month is considered to have 30 days.

.04 The name(s) of the customer(s), including members of a sharing group, desiring to use the service must be stipulated in the application for service.

SECTION C - RULES AND REGULATIONS (Cont'd)

4. Liability

- .01 The liability of Carrier, for whatever reason, shall not exceed an amount equivalent to the proportionate charge otherwise payable for the period of time during which any mistake, omission, interruption, delay, error or defect, or any other event giving rise to a claim, occurs. In no event shall Carrier be liable for special, consequential or incidental damages.
- .02 Carrier shall be indemnified and held harmless by the customer against.
- .021 claims for libel, slander, or infringement of copyright arising out of the material, data, information, or other content transmitted over Carrier's channels; and
- .022 patent infringement claims arising from combining or connecting Carrier's furnished channels with apparatus and systems of the customer; and
- .023 all other claims arising out of any act or omission of the customer in connection with any service provided by Carrier.
- .03 Carrier is not liable for any act or omission of any other company or companies furnishing a portion of the service.
- .04 Carrier does not guarantee or make any warranty with respect to any equipment provided by it where such equipment is used in locations containing an atmosphere which is explosive, prone to fire, dangerous or otherwise unsuitable for such equipment. The customer indemnifies and holds Carrier harmless from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment so used.

SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)4. Liability (Cont'd)

- .05 The customer indemnifies and holds Carrier harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to, or death of, any person or persons, and for any loss, damage, or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment where such installation, operation, failure to operate, maintenance, condition, location or use is not the direct result of Carrier's negligence.
- .06 Carrier is not liable for any defacement of, or damage to, the premises of a customer resulting from the furnishing of channel facilities or the attachment of instruments, apparatus, and associated wiring furnished by Carrier on such customer's premises or by the installation or removal thereof when such defacement or damage is not the result of Carrier negligence. No agents or employees of other participating carriers shall be deemed to be agents or employees of Carrier.
- .07 The customer is responsible for taking all necessary legal steps for interconnecting his customer - provided terminal equipment or communications systems with Carrier facilities. Customer shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.
- .08 The customer shall ensure that his equipment and/or system is properly interfaced with Carrier facilities, that the signals emitted into Carrier's network are of the proper mode, bandwidth, power, data speed, and signal level for the intended use of the customer and that the signals do not damage Carrier equipment, injure personnel or degrade service to other customers. If the Federal Communications Commission or some other appropriate

SECTION C - RULES AND REGULATIONS (Cont'd)4. Liability (Cont'd.).08 (Cont'd)

certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, Carrier will permit such equipment to be connected with its channels without the use of protective interface devices. If the customer fails to maintain and operate his equipment and/or system properly, with resulting imminent harm to Carrier equipment, personnel, or the quality of service to other customers, Carrier may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety, Carrier may, upon written notice, terminate the customer's service.

5. Cancellation of Service By A Customer

If a customer cancels his order for service before the service begins, before completion of the minimum period, or before completion of some other period mutually agreed upon by the customer and Carrier, a charge will be levied upon the customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by Carrier and not fully reimbursed by installation and monthly charges. If, based on an order by a customer, any construction has either begun or been completed, but no service provided, the nonrecoverable cost of such construction shall be charged to the customer.

6. Use of Service

.01 The services offered herein may be used for, one or more of the following:

.011 for the transmission of communications to or by the customer.

.012 for the transmission of communications to or by a permitted user or joint user.

Issue Date: November 15, 1999

SPECIALIZED COMMON CARRIER SERVICE

SECTION C RULES AND REGULATIONS (Cont'd)6. Use of Service (Cont'd)

.02 Service may be arranged for joint use or permitted use. The joint user or permitted user shall be permitted to use such service in the same manner as the customer, but subject to the following:

.021 One joint user or permitted user must be designated as the customer. The designated customer does not necessarily have to have communications requirements of his own. The customer must specifically name all joint users or permitted users in the Application for Service. Orders which involve the start, rearrangement, or discontinuance of joint use or permitted use service will be accepted by Carrier only from that designated customer and will be subject to all regulations in this tariff.

.022 All charges for the service will be computed as if the service were to be billed to one customer and any discount arrangements will be based on the actual number of circuits installed at the beginning of the billing period. The customer shall be responsible for allocating charges to each joint user or permitted user.

.03 Service may be arranged for use by Other Common Carriers for the purposes of resale subject to the following:

.031 Other Common Carriers will be responsible for charges, costs, etc. incurred by Carrier with respect to Services as referenced in Section D.

.032 Other Common Carriers are responsible for all interaction and interface with their own subscribers or customers.

.04 Service shall not be used:

.041 for any unlawful purpose

SPECIALIZED COMMON CARRIER SERVICE

SECTION C RULES AND REGULATIONS (Cont'd)6. Use of Service (Cont 'd)

.042 for any purpose for which payment or other compensation is received by the customer, except when the customer is a duly permitted and regulated common carrier. This provision does not prohibit an arrangement between customer, permitted user or joint user to share the cost of the service so long as this arrangement generates no profit for anyone participating in a joint use or permitted use arrangement.

7. Payment Arrangements

.01 The customer is responsible for payment of all charges for services furnished to the customer or any permitted user through customer's Authorization Code or Equal Access Dialing telephone number. Charges for installation, physical or administrative changes, or for cancellation of orders are payable upon completion. Recurring charges, including estimated usage where applicable, are billed in advance. Estimated usage charges are determined by Carrier based on the customer's projected use of service, or, at Carrier's option, on the highest previous monthly usage charges incurred by the customer.

.02 Bills will be payable upon receipt. Interest at the rate of 1% percent per month (unless prescribed by law, in which event at the highest rate allowed by law), will accrue upon any unpaid amount commencing twenty (20) days after rendition of billing.

.03 Applicants or customers whose financial condition is not acceptable to Carrier may be required at any time to make a deposit up to an amount equaling the installation charges, if applicable, and/or up to two months actual or estimated charges for the service to be provided. In the case of a cash deposit, interest at the rate as may be prescribed from time to time by the Arizona Corporation Commission will be paid for the period during which the deposit is held by Carrier. At Carrier's option, such deposit may be refunded or credited to the customer at any time prior to termination of service.

SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)7. Payment Arrangements (Cont'd)

.04 The charges set forth in this tariff for circuit terminations contemplate installations made in normal locations and under normal working conditions. Any installations to be made under other circumstances are subject to additional charges, which will be tarified as appropriate.

.05 If notice of a dispute as to charges is not received, in writing, by Carrier within three months after an invoice is rendered, such invoice shall be deemed to be correct and binding upon the customer.

8. Change in Service Asreement

When a change in service arrangement involves the continued use by the customer of circuits furnished by Carrier, installation charges do not apply to the circuits continued in use. The minimum service period for the circuits contained in use is determined from the date of the initial installation thereof.

9. Restoration of Service

The use and restoration of service in emergencies shall be in accordance with Part 64, Subpart D of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

10. Inspection

Carrier may, upon reasonable notice, make such tests and inspections as may be necessary to determine that the requirements of this tariff are being complied with in the installation, operation or maintenance of customer's or Carrier's equipment. Carrier may interrupt the service at any time, without penalty to Carrier, because of departure from any of these requirements.

SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)

ORIGINAL

11. Cancellation For Cause By Carrier (See Section C-5 for Cancellation of Service By A Customer)

Upon nonpayment of any sum owing to Carrier, or upon a violation of any of the provisions governing the furnishing of service under this tariff, Carrier may, upon five (5) **days** written notification to the customer, without incurring any liability, immediately discontinue the furnishing of such service.

12. Testing and Adjusting

Upon reasonable notice, the circuits provided by Carrier shall be made available to Carrier for such tests and adjustments as may be necessary to maintain them in satisfactory condition; no interruption allowance will be granted for the time during which such tests and adjustments are made.

13. Local Charges

In certain instances, the customer may be subject to local telephone charges or message unit charges in using Carrier's service. Carrier is not responsible for any such local charges imposed directly on the customer by the local telephone company for gaining access to Carrier's intercity network.

14. Tax Adjustments

The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi government authorities to collect from or pay to others in support of statutory or regulatory programs.

SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES1. General Description of Carrier's Services:

- .01 Carrier's services are offered to subscribers on a monthly basis.
- .02 All service shall remain in effect for a minimum of thirty (30) days.
- .03 Carrier offers its services subject to the availability of the necessary facilities and/or equipment. Carrier reserves the right to refuse to provide service to or from any location where the necessary facilities and/or equipment are not available.

2. Metered Use Service.01 General Description

Metered Use Service offers the use of intercity communication facilities shared among multiple users. The individual customer's basic monthly charges for its use of these intercity communication facilities are based upon the total time the customer utilizes such facilities from each originating location and can vary, depending upon the option chosen, with the distance of each call (Mileage Tables are set forth at Section D).

In cases where Carrier's NSC cannot technically determine usage, billing shall begin after approximately one minute approximately ten [10] rings) and charges shall be billed from recorded call commencement (including all unanswered ringing). Carrier's basic per minute usage charges, by individual city-pair mileage, are set forth in Section D. All Metered Use Service calls, with the exception of those made on Allnet Option A Basic, are rounded to the next higher six (6) second increment. Allnet Option A Basic calls are rounded to the one minute and are rounded to each whole minute thereafter.

SECTION D - SERVICE DESCRIPTION AND RATES

ORIGINAL

2. Metered Use Service (Cont'd).01 General Description, (Cont'd)

Some Metered Use Service involves a recurring monthly minimum usage charge for intercity facility usage. A monthly listing of each individual call and its duration is available as a standard. At additional cost, each Metered Use customer may subscribe to additional features, as described below. In order to utilize Carrier's facilities intrastate, a subscriber must be a subscriber under Carrier's Tariff FCC No.5. Appropriate rates and charges found therein apply for all options and services other than intrastate calling. Rates for intrastate calling are governed by the rates set forth in Section D2.

Customers may experience busy signals in less than 1 percent of all calls.

.011 Service Options

Metered Use Service consists of the following:

.0111 ALLNET

Allnet Option 1 is a one-way dial-up multipoint service whereby- the customer originates and terminates calls via Carrier provided local telephone lines or IN-WATS (800) service. Subscribers to CARRIER service may originate calls by dialing the access number of Carrier's NSC switch or through Equal Access Dialing. The rates for this service are contained in Section D2. Allnet Option A subscribers may terminate interexchange calls to any city in Arizona.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0113 Allnet Maxcess III

Allnet Maxcess III is a one-way outbound, multipoint service designed for small to medium sized business users and is only available in conjunction with Allnet's interstate Maxcess III offering. The customer may originate calls via dedicated facilities or by presubscribing long distance service to Allnet. Calls can be completed from the customer's premise to any location within the state of Arizona. The rates for these services are contained in Section D2 and are based upon the airline distance between the originating and terminating points of each call. Maxcess III calls are measured in six (6) second increment with a minimum usage of one minute per call. Any fraction of a increment is rounded up to the next whole increment.

Service Hours

Service is available 24 hours a day, seven days a week. The time periods set forth below are applicable in rating all Maxcess III calls. For Carrier recognized holidays the Evening rate period is used, unless a lower rate would normally apply.

Day	Monday through Friday	8:00 AM to 5:00* PM
Evening	Monday through Friday	5:00 PM to 11:00* PM
Sunday		5:00 PM to 11:00* PM
Night	Monday through Sunday Saturday and Sunday	11:00 PM to 8:00* PM 8:00 AM to 5:00* PM
Saturday		5:00 PM to 11:00* PM

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0114 Allnet Maxcess II

Maxcess II is a one-way, intrastate, multipoint service, designed for high volume users, which may only be used in conjunction with the Carrier's Interstate Maxcess II offering. Customers may originate calls via voice grade special access or high capacity (T-1) access provided by the customer between the customer's premises and the Carrier's switch. Charges for Maxcess II service are assessed based on length of call, time of day, and distance. The customer's total monthly usage of Carrier's Option service is charged at applicable rates set forth in Section D2, which are based on the distance between his/her serving LEC's central office and the terminating location of each call. The duration of all calls is measured in six (6) second increments with an eighteen second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

.0115 Allnet Premier

Allnet Premier is a one-way, intrastate, multipoint service, used only in conjunction with Allnet's Premier interstate offering. It is designed for users who are not restricted as to time of usage. Allnet Premier customers may originate calls by dialing 1 plus an area code and the desired telephone number; or by dialing 10XXX then an area code and the desired number.

The rates for Allnet Premier are contained in Section D, and are based on the originating and terminating locations of each call and are uniform for the entire state of Arizona. Calls are billed in six (6) second increments, with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Ser-vice Options (Cont'd).0116 Premier Elite

Allnet Premier Elite is a one-way, intrastate, multipoint service, used only in conjunction with Allnet's Premier Elite interstate offering. It is designed for medium to high volume users of equal access service. Allnet Premier Elite customers may originate calls by dialing 1 plus an area code and the desired telephone number; or by dialing 10XXX then an area code and the desired number. The rates for Allnet Premier Elite are contained in Section D, and are based on the originating and terminating locations of each call. Calls are billed in six (6) second increments, with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

.0117 Pacesetter

Allnet Pacesetter service is a one-way, multipoint service offered only in conjunction with Allnet's interstate Pacesetter service. It is designed for subscribers will large amounts of daytime usage on Monday through Friday. Pacesetter customers may originate calls by dialing 1 plus an area code and the desired telephone number or by dialing 10XXX then an area code and the desired number. The rates for this service are contained in Section D, and are based on the length of call, time of day and the originating and terminating locations of each call. Calls are billed in one minute increments with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0118 Allnet Instantline 800

Allnet Instantline 800 is an inward switched access service which permits intrastate and interstate calls to terminate at an Instantline 800 customer's station while originating at stations in different service areas, and in which the Instantline 800 customer is billed for the calls rather than the call originator. Customers may choose one of two Instantline Options: Instantline Option A, which allows the customer to receive calls from any location within the United States, or Instantline Option B, which allows customers to receive calls, at a reduced rate, from the state of Arizona, California, Nevada, Oregon, Utah, and Washington. The rates for both Allnet Instantline 800 options are set forth in Section D and are based on the originating and terminating locations of each call. Calls are billed in six (6) second increments with a thirty (30) second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

.0119 Allnet MarketLine 800

Allnet MarketLine 800 is an inbound multipoint service whereby intrastate and interstate calls are carried from stations in different service areas via dedicated facilities to a MarketLine 800 customer's station. The MarketLine 800 customer is then billed for the calls rather than the call originator. The rates for this service are set forth in Section D and are based on the originating and terminating locations of each call. Calls are billed in six (6) second increments with a thirty (30) second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0120 Maxcess I

Allnet Maxcess I is a one-way, multipoint service designed for very high volume users. Maxcess I customers may originate calls via voice grade special access or high capacity (T1) access arrangements provided by the customer between the customer's premises and Carrier's switch. The service is provided only in conjunction with Allnet's interstate Maxcess I offering. The Company reserves the right to limit service availability to customers with a minimum requirement for 17 voice grade equivalent channels. Calls can be completed from the customer's premises to any location within the state of Arizona on an intrastate, interLATA basis. The per minute usage rates are based on the airline distance between the originating and terminating locations and are contained within this tariff. Maxcess I calls are measured in six (6) second increments. A fraction of an increment is rounded up to the next whole increment.

.0121 Vantage

Allnet Vantage is a one-way, interstate, multipoint service requiring the customer to originate calls via dedicated facilities or by presubscribing long distance service to the Carrier's service option. Calls can be completed from the customer's premise to any location within the state of Arizona. Customers may originate calls by dialing 1 plus an area code and the desired telephone number, or by dialing 10XX-1 then an area code and the desired number. Charges for Allnet Vantage are assessed on a usage basis. The customer's total monthly usage for Allnet's Vantage service is charged at applicable rates set forth in Section D which are based on the airline distance between the originating and terminating locations of each call. There is a one minute minimum for calls made using Allnet Vantage and the duration of calls is measured in six (6) second increments. Any fraction of an increment is rounded up.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0123 Allnet Solution

Allnet Solution is a family of two-way telecommunication service features which offer single location or multiple location customers the simplicity of a uniform charge for all of their outbound and inbound calls. Intrastate Allnet Solution is available for use only in conjunction with interstate Allnet Solution service offerings. Allnet Solution provides customers with a single per minute nondistance sensitive usage rate for all inbound and outbound usage. Solution customers may elect any combination of the following Solution service features:

Solution I - LEC-provided dedicated access

Solution II- LEC-provided switched access, high volume usage

Solution III-LEC-provided switched access, low and medium volume usage

Solution IV- LEC-provided switched access, high volume usage, short duration calls

Solution 800-provides an add-on inbound capability for Solution I, II, III, IV, and Residential Solution features

Customers electing the Solution I feature may originate or receive calls via LEC-provided dedicated access lines. Charges for LEC-provided dedicated access facilities will be billed by the Customer's local exchange carrier. Customers who order Solution II, III, and IV features may originate or receive calls on their local business or residential lines; calls may be originated by dialing 1 plus an area code and the desired number; or 10444 plus the area code and telephone number.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0123 Allnet Solution, (Cont'd)

Charges for Solution I, II, III, and IV as well as Solution 800 are assessed on a per minute basis based on duration of the call, and time of day of each inbound and outbound call.

The customer's total monthly use of the Allnet Solution I, II, III, IV, and associated 800 is charged at the applicable rates per minute set forth in Section D. Solution II, III, and IV outbound and inbound (via associated Solution 800) calls are billed in six second increments. Solution II and III have a 30 second minimum for each call. Solution I outbound and inbound (via associated Solution 800) calls are billed in six second increments, with a 6 second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Any inbound usage (via associated Solution 800) is subject to the usage rates applicable to the outbound services associated with the customer's local business or residential line as set forth in Section D. For example, inbound calls terminating on a line that originates Solution II calls are charged at the Solution II rates. Calls made to directory assistance telephone numbers are charged on a per call basis.

SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0129 Allnet MultipointSM 800

Allnet MultipointSM 800 Service is a shared, inward switched service which permits inbound calls, originated by dialing an "800" number to terminate at a MultipointSM 800 customer's common line (i.e., business or residential line), provided a valid personal identification routing number (PIRN) is entered by the caller. The MultipointSM 800 customer is billed for the calls rather than the call originator. MultipointSM 800 intrastate service is only available in conjunction with MultipointSM 800 interstate service. MultipointSM 800 service completes calls to a Carrier-assigned 800 telephone number. The PIRNS, which are entered by the caller, determine the customer-designated telephone number to which the 800 call will terminate. Each Customer may request any combination of the four digit PIRNS, excluding the PIRNS reserved for special use by the Company. MultipointSM 800 service employs shared 800 telephone numbers and, by conversion to MultipointSM 800 service, the MultipointSM 800 customer releases any ownership or exclusive rights of its 800 telephone number to the Carrier. Under the non-validated option, MultipointSM 800 customers may receive inbound MultipointSM 800 calls even if the calling party enters no PIRN or an incorrect PIRN. Under the validated option, the MultipointSM 800 customer may receive MultipointSM 800 inbound calls only when the correct PIRN is entered by the calling party.

Allnet MultipointSM 800 is rated based upon the time of day, length of call, and the airline distance between the originating and terminating location of each call. The service hours and per minute usage rates applicable to MultipointSM 800 service are set forth in Section D, and apply to both validated and non-validated MultipointSM 800 calls. MultipointSM 800 calls are billed in one minute increments with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0130 Allnet Spectrum

Allnet Spectrum is a personal communication service which allows the caller to dial an Allnet Spectrum 800 telephone number and enter a four digit personal identification routing number (PIRN) to complete a call. Allnet Spectrum is available only in conjunction with Allnet's interstate Spectrum service offering. As a PIRN-based product that can be shared among customers, customers are not granted exclusive use of the 800 number used for accessing the Allnet Spectrum service and, thus, may not continue to use the 800 telephone number upon cancellation of their Allnet Spectrum service. To use Allnet Spectrum service, the caller dials the 800 telephone number for the Allnet Spectrum service. The caller may then (1) enter a PIRN which routes the call to a customer predesignated telephone number (PIRN CALL); or (2) enter a PIRN which permits the customer to then direct dial a telephone number (DIAL TONE PIRN). Certain PIRNS are reserved for use by the Carrier under Allnet Spectrum service or for accessing other services.

Rate Structure

Charges for Allnet Spectrum service are based on the length of call, time of day and distance in airline miles of the call.

Usage Charges

The customer's total monthly usage of Allnet Spectrum service is charged according to the service hours and the rates per minute in Section D of the tariff. Allnet Spectrum calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0131 Allnet Product One, (Cont'd)

Allnet Product One customers may subscribe to one of seven (7) mutually exclusive Product One service options: Product One month-to-month (MTM); Product One Term Plan I, Term Plan II, Term Plan III, Term Plan IV, Term Plan V, or Term Plan VI. For each Product One Term plan option, a Product One customer must commit to either a one year (12 month) term agreement, two year (24 month) or three year (36 month) term agreement. Product One customers electing either a two or three year term plan agreement will receive one of the applicable per minute discount off of the base one year term plan rates. The applicable per minute discounts are set forth in Section D. Product One customers may elect either a switched or dedicated access option (or both) for Term Plans III, IV, V or VI. Term Plans II, V and VI may use switched access only in conjunction with a dedicated access option. The MTM option is only available on a switched access basis. Product One customers electing a dedicated access option will be billed by their local exchange carrier or alternative provider for all monthly and non-recurring charges associated with the dedicated access facilities required to access Allnet Product One. Product One Term Plan options will automatically renew for successive periods of one year unless the Product One Term Plan customer notifies Allnet in writing before the end of the term that the Term Plan customer intends to terminate the agreement at the completion of the current term. There is a monthly minimum usage level (MMUL) for each term plan option, as set forth in Section D.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0131 Allnet Product One, (Cont'd)

Beginning with the customer's second invoice, and for the remaining months of any term plan commitment, the customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL. A monthly termination fee, equal to the MMUL of the term plan that the Product One customer is subscribing to, will be assessed per month for each of the remaining months in the current term after a Product One customer terminates service prior to the completion of the then current term of service. Product One, Product One Access, and Product One Spectrum directory assistance calls are charged on a per call basis. Product One customers who also have Allnet MobileLine service will have their MobileLine service long distance calls rated and billed at the month to month Product One per minute rates in Section D. Product One customers who have also selected Allnet Multipointsm 800 service will have all of their Multipointsm 800 calls rated and billed at the per minute rates in Section D.

.0132 Allnet Baselinesm 800

Baselinesm 800 is an inward switched access service which permits calls to a customer's station in one location from stations in diverse geographical service areas, in which the customer is billed for the calls rather than the call originators. Baselinesm 800 may be used only in conjunction with Allnet's interstate Baseline offering. A call begins when call termination is received by or through customer premises equipment.

Charges for Baselinesm 800 are assessed based on length of call and time of day, set forth in Section D of this tariff. The customer's total monthly use of Baselinesm 800 is charged at the applicable rates per minute set forth in Section D of the tariff, and are based upon the originating and terminating location of each call. Calls are billed in six second increments, with a thirty second per call minimum. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0134 Frontier Flex Connect 8xx

Frontier Flex Connect 8xx is a shared, inbound switched service which permits inbound calls, originated by dialing an 8xx number to terminate at a MultipointSM 8xx customer's common line (i.e. business or residential line), provided a valid personal identification routing number ("PIRN") is entered by the caller. The Flex Connect customer is billed for the calls rather than the call originator. Flex Connect service completes calls to a Carrier assigned 8xx telephone number. The PIRNs entered by the caller determine the customer designated telephone number to which the 8xx call will terminate. Upon request, from one to a maximum of ten PIRNs may be assigned by the Carrier to the Customer excluding the PIRNs reserved for special use by the Carrier. Requests for four or more PIRNs are subject to credit approval by the Carrier. Flex Connect 8xx service employs shared 8xx telephone numbers, and by conversion to Flex Connect 8xx service, the Flex Connect 8xx customer releases any ownership rights of its 8xx telephone number to the Carrier.

Charges for Flex Connect 8xx service are assessed based on the time of day and length of call, set forth in Section D following.

The applicable per minute usage rates are set forth in Section D following. Flex Connect 8xx calls are billed in six second increments, with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0135 Frontier Independence

Frontier Independence is a long distance service which provides customers with a single per minute rate for both their inbound (8XX) and outbound (1+) usage. Independence customers may originate outbound calls by dialing 1 plus an area code and the desired telephone number. Inbound calls are originated to the Independence customer=s designated location by users dialing 1 plus the Independence customer=s 8XX telephone number.

Independence service is a flat rated, non-distance sensitive switched service, twenty four (24) hours a day, seven (7) days a week, including Carrier recognized holidays. The applicable per minute rates are set forth in Section D following, and are based on the Independence product plan selected. Independence switched 1 plus and 8XX calls are billed in six second increments, with an eighteen second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Frontier Independence Dedicated Access 1 plus and 8XX calls are billed in six second increments, with a six second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Independence customers who make long distance calls through Access or Spectrum Calling Card service, are billed in six second increments, with a thirty second minimum for each call, at the per minute rates set forth in Section D following. Switched Access Independence service option customers may subscribe to the service on a month-to-month basis or, subscribe to one of five service plans. In each of the five plans the customer must commit to either a one year (12 month), two year (24 month), or three year (36 month) term agreement. Customers electing to subscribe to one of the five plans will receive one of the applicable per minute discount rates off the one year base rate. The applicable discounts are set forth in Section D following. Subscribers to Independence Dedicated Access service must commit to either a one year (12 month), two year (24 month) or three year (36 month) term agreement. Applicable per minute rates for Independence Dedicated Access service are set forth in Section D following.

ORIGINALSPECIALIZED COMMON CARRIER SERVICESECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0139 Frontier Voice Virtual Private Network

Frontier Voice Virtual Private Network (AVPN@) provides the Customer the functionality and capabilities of a private network through the use of shared and/or dedicated transmission facilities, which permits the Customer to establish a communications path between two Customer locations by using a Customer-defined Private Numbering Plan (APNP@). The following call types are available to Frontier Voice VPN Customers:

- 1) Dedicated to Dedicated: provides PNP type calls between locations linked by dedicated access. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 2) Dedicated to Switched: calls originating from a VPN Customers dedicated location and terminate on switched facilities either within or outside the Customers PNP. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 3) Switched to Dedicated: calls originating from a switched location within a Customers PNP and terminate on a dedicated location within the PNP. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 4) Switched to Switched: calls originate from a switched location within the Customers PNP and terminate on a switched location either within or outside the PNP. All calls are billed in six second increments with a eighteen second minimum for each call. Any fraction of an increment will round up to the next whole increment.

.0139 Frontier Voice Virtual Private Network (Cont'd)

- 5) 8XX Remote access to Switched/Dedicated: calls originate from a switched location via a VPN 8XX remote **access** number and terminate to a switched/dedicated location within the Customer's PNP. A VPN personal code is used to verify that the caller is authorized to make VPN calls. The PNP code must be a uniform length not to exceed 10 digits. All 8XX remote access calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment will round up to the next whole increment.

Frontier Voice VPN service charges consist of both recurring and non-recurring charges. Recurring charges consist of flat monthly charges and usage-based charges. Flat monthly charges apply whether or not the service is used. Usage charges apply to all completed calls. The usage charges apply to all call types, 24 hours a day 7 days a week. All recurring, non-recurring, volume and term discounts applicable to Frontier Voice VPN service are set forth in Section D following.

The Frontier Voice VPN Customer must have T-1 access from at least one of their locations into one of the Company's switches equipped to provide VPN service. Additional connections to the VPN network can be either via dedicated, switched or remote access.

The Customer can originate calls via dedicated access and switched access. With switched access, Customer originated calls are connected to the Company network via a dial access basis. Switched access calls include those originating from the Customer's VPN lines pre-subscribed to the Company and using 1+ or 1+700 dialing plans.

For a one time setup charge a Switched Overflow option is available to the Frontier Voice VPN Customer. Switched Overflow will route any call placed from any PNP location terminating to a dedicated PNP location, to a switched plan old telephone service (POTS) number at the dedicated terminating location if the dedicated facility is busy or the network is at capacity. The setup charge applicable to this option is set forth in Section D following.

2. Metered Use Service (Cont'd)
.011 Service Options (Cont'd)

.0139 Frontier Voice Virtual Private Network (Cont'd)

Customers may subscribe to Frontier Voice VPN on a one, two or three year term plan and may select from 4 monthly minimum usage levels (MMUL). Beginning with the Customers' fourth invoice, and for the remaining months of any term plan commitment, the Customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL. Term Plan Customers are eligible to receive tariffed volume discounts set forth in Section D each month based on its VPN MMUL commitment.

Voice VPN Term Plan Customers whose monthly gross account usage exceeds the next higher MMUL above the level to which the subscriber has committed will receive the discount applicable to the next higher MMUL. Discounts on all monthly gross account usage will be capped at the discount level applicable to the next higher MMUL. Volume discounts are calculated off the Frontier Voice VPN Month-to-Month rates in effect when calls are made. The discounts apply to VPN usage (outbound and remote access) only and do not apply to non-recurring or monthly recurring charges nor to any associated calling card, operator/directory assistance and value added service usage. Volume discounts are not available to Customers subscribing to Frontier Voice VPN Month-to-Month service. In addition, Frontier Voice VPN customers who commit to a service term may receive additional discount credits as set forth in Section D following. Term plan options will automatically renew for successive periods of one year unless the Customer notifies the Company in writing before the end of their current term that the Customer intends to terminate the agreement at the completion of the term. The Company will notify the term plan customer at least 60 days prior to the end of the current term that the end of their current term is approaching. Customers choosing not to renew their term plan option will be assessed the Frontier Voice VPN Month-to-Month tariff rate currently in effect.

A termination fee, equal to the MMUL of the term plan that the Frontier Voice VPN customer is subscribing, times the number of months remaining in the current term will be assessed to customers terminating service prior to the completion of their current term of service.

The Customer is responsible for any Company and local service provider monthly recurring charges for dedicated circuits/loops necessary for the service, and costs incurred by the Company, including installation and local service provider contract termination charges, if such circuits/loops are canceled prior to activation of service, or the completion of the term commitment made by the Customer.

.0141 PriorityPlan

PriorityPlan is a long distance service which provides the Customers with single per minute rates for both their inbound (8XX) and outbound (1+) switched and dedicated access usage.

1) Rate Structure

PriorityPlan switched and dedicated calls are non-distance sensitive, usage based, and flat rated.

2) Usage Charges

The Customer=s total intrastate monthly usage of PriorityPlan (switched, dedicated) service is charged at the applicable per minute rates set forth in Section D of this tariff. PriorityPlan switched inbound and outbound calls are billed in six second increments with a thirty second minimum for each call. PriorityPlan dedicated inbound and outbound calls are billed in six second increments with an eighteen second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

PriorityPlan Customers may subscribe to either a one year or two year term plan. A per minute base rate set forth in Section D of this tariff, is applicable to the inbound and outbound switched and dedicated service plans. There are Minimum Monthly Usage Levels (MMUL) required for each (switched, dedicated) term plan option. Beginning with the Customer's second invoice, and for the remaining months of any term plan commitment, the Customer will be charged the difference between the gross account usage and the MMUL if the gross usage is less than the MMUL. The MMUL and applicable discounted per minute rates are set forth in Section D of this tariff.

SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0141 PriorityPlan2) Usage Charges (Cont'd)

PriorityPlan switched and dedicated term plans will automatically renew for successive twelve month periods unless the Customer notifies the Carrier in writing before the end of the current term of their intention to terminate the agreement at the completion of the term. The Carrier will notify the Customer at least 60 days prior to the end of their current term that the end of the term is approaching. PriorityPlan Customers electing to continue to receive PriorityPlan service without renewing their current term will automatically revert to the respective switched or dedicated non discounted tariffed base rate. A monthly termination fee, equal to the MMUL of the term plan that the PriorityPlan Customer is subscribing to, will be assessed per month for each of the remaining months in the current term after a PriorityPlan Customer terminates service prior to the completion of the full term commitment.

PriorityPlan Customers will also be eligible for the PriorityPlan Optional Calling Card Service, at rates set forth in Section D of this tariff. PriorityPlan Optional Calling Card calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0141 EZ Plan II

EZ Plan II is a long distance switched service, which provides Customers with single per minute rates for both their inbound (8XX) and outbound (1+) access usage.

1) Rate Structure

EZ Plan II inbound and outbound calls are non--distance sensitive, usage based, and flat rated.

2) Usage Charges

The applicable per minute rates are set forth in Section D of this tariff, and vary based on the EZ Plan II service plan selected. EZ Plan II inbound and outbound calls are billed six-second increments with a thirty-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Customers may subscribe to EZ Plan II service on a month-to-month basis, or subscribe to either a fifteen (15) or thirty (30) month term agreement. A Minimum Monthly Usage Level (MMUL) is required with each service plan offered. Beginning with the Customers second invoice, and for the remaining months of any service plan, the Customer will be charged the difference between the gross account usage and the MMUL if the gross usage is less than the MMUL. The MMUL and applicable per minute rates are set forth in Section D of this tariff.

ORIGINALSPECIALIZED COMMON CARRIER SERVICESECTION-D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0142 Frontier Websaver II

Frontier Websaver II is a switched, non-distance sensitive, flatrated long distance service, which provides Customers with a single rate for both inbound (8xx) and outbound (1+) calls.

To subscribe to Frontier Websaver II, Customers Must enroll via a Company-designated Internet address. As part of their service application, Customers must provide the Company with a valid commercial credit card as accepted by the Company. All charges to the Customer will automatically be billed to this credit card. Customers billing detail will be provided via a Company-designated Internet site.

Frontier WebsaverII Customers may select from two service options. A Minimum Monthly Usage Level (MMUL) will be associated with each service option. Beginning with the Customer's second monthly invoice, the Customer will be charged either their actual total monthly usage or the appropriate MMUL, whichever is greater. Service options and MMULs are set forth in Section D of this tariff.

The applicable per minute rate set forth in Section D following are based on the Frontier Websaver II option selected. Frontier Websaver II inbound and outbound calls are billed in six second increments with a minimum billing increment of eighteen seconds per call. Any fraction of an increment is rounded up to the next whole increment.

14. Allnet Access (Travel)

Allnet Access is an inbound gateway service whereby the caller dials an 800 toll free access number plus an eleven digit calling code to gain access to information, travel, call delivery and voice mail service. Allnet Access Travel is available only in conjunction with Allnet's interstate Allnet Access Travel service offering. A personalized calling card will be issued to each Allnet Access subscriber. Charges for Allnet Access Travel are based on the length of call, time of day, and originating and terminating locations of each call. The customer's total monthly use of Allnet Access Travel is charged at the applicable rates per minute set forth below. Long distance calls made through Allnet Access are billed in one minute increments with a one minute minimum for each call. Any fraction of an increment after one minute is rounded up to the next one minute increment. Charges for calls answered by the called party are assessed from the initial time point that the Allnet gateway returns a tone to the caller. Allnet Access calls may originate from any location within the State of Arizona.

The following time periods apply in rating all Allnet Access calls:

BUSINESS HOURS	Monday through Friday	8:00 AM to 5:59 PM
OFF HOURS	Monday through Friday	6:00 PM to 7:59 AM
	Saturday and Sunday	All Day
		Including Carrier-Recognized holidays

The per minute rates for long distance calls made through Carrier Access are:

BUSINESS HOURS	\$0.4797
OFF HOURS	\$0.3999

SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).03 Service AvailabilityTABLE VIII

Mileage Between Allnet Terminal Locations
or Metropolitan Areas

Mileage between Allnet terminal locations or Metropolitan areas will be determined by applying the formula listed below to the Vertical and Horizontal Coordinates set forth in AT&T's Tariff FCC No. 274 incorporated by reference herein.

The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) coordinates set forth in Part B of Table II according to the following formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

Where V_1 and H_1 correspond to the V and H coordinates of City 1 and V_2 & H_2 correspond to the V & H coordinates of City 2.

Example:

	<u>V</u>	<u>H</u>
City 1 - New York	4997	1406
City 2 - Chicago	5986	3426

$$\sqrt{\frac{V_1 \quad v_2 \quad H_1 \quad H_2}{(4997 - 5986)^2 + (1406 - 3426)^2}} \\ \sqrt{505852.1}$$

= 711.2328 miles*

Airline Mileage = 712

*Result will always be rounded to the next highest mile.

SPECIALIZED COMMON CARRIER SERVICE

SECTION E - PROMOTIONAL OFFERINGS

The Company may from time to time engage in special promotional service offerings of limited duration, designed to attract new customers or to increase existing customer awareness of a particular tariff offering. Carrier will notify Commission staff fourteen (14) days in advance, or as soon as practicable for promotions valued at \$25.00 or more per customer, and as soon as practicable for promotions valued at less than \$25.00. Requests for promotional offerings will be presented to the Commission for its review, in accordance with rules and regulations established by the Commission, and will be included in the Company's tariff.

1. Max®MiserSM Promotion

Allnet Maxcess III customers who sign up for service between March 1, 1993 and June 30, 1993, may elect to receive (in conjunction with Allnet's interstate MAX® MISERSM promotion) a discount credit of 10% which will be applied for a period of 12 consecutive months to all Maxcess III outbound and inbound calls, and all outbound Carrier Access calls which are made to single area code or international country with the highest total usage (in dollars) in the period for which a bill is being calculated. Calls to directory assistance and operator services are excluded from this discount credit.

2. Residential Solution

Allnet Solution III customers who sign up for service between March 1, 1993, and June 30, 1993, may elect to receive (in conjunction with Carrier's interstate Residential Solution Promotion) a discount credit of 35% which will be applied for a period of 12 consecutive months to all Solution III outbound, off hour (night/weekend) calls made to the single area code or international country with the highest total usage (in dollars) in the period for which a bill is being calculated. Calls to directory assistance and operator services are excluded from this discount credit.

F. SECTION F - PROMOTIONAL OFFERINGS

3. Allnet Access (Travel) Promotion

Beginning June 1, 1993, through September 30, 1993, (in conjunction with Carrier's interstate Allnet Access Promotion), customers who sign up through direct mail solicitation for a personal Allnet Access account, and are billed via credit card, will receive a discount credit of 40% off of the total of all outbound Allnet Access usage. The discount credit is in addition to other volume discounts that might apply and is calculated based upon customer's total monthly Access usage. The discount credit will be applied beginning with the customer's first monthly invoice, and is in lieu of any other applicable promotional discount credits during the same time period.

4. Allnet HCC Promotion

Carrier may provide to former customers of Hospitality Communications Corporation (Hospitality) Solution I and Solution II services at customer-approved Hospitality rates that are less than Solution I and Solution II rates, respectively, if those customers switch to Carrier by August 1, 1995.
